KEY PROJECTS & EXPERIENCE

Fulbaria Sheba [\[Live on Play Store\]](#)

Community Service Mobile Application | Flutter · Android · REST APIs

- Architected and deployed a community-centric service application using Flutter, now live on the Google Play Store.
- Engineered features for local service discovery, emergency contact management, and real-time data fetching via REST APIs.
- Optimized app performance and UI rendering to deliver a seamless, low-latency user experience on Android devices.

E-Commerce Ecosystem

Full-Stack Solution | Laravel · Flutter · MySQL · REST APIs

- Engineered a full-stack e-commerce platform integrating a Laravel-powered backend with a Flutter mobile client.
- Architected RESTful APIs for product catalog management, user authentication (JWT), and secure checkout flows.
- Deployed the application to a VPS environment, configuring MySQL databases, cPanel, and server hosting.

UI/UX Implementation — Figma to Production

Frontend Specialist | Flutter · Dart · Figma

- Translated complex, high-fidelity Figma prototypes into pixel-perfect, production-ready Flutter code.
- Implemented advanced animations, custom widgets, and adaptive layouts adhering to Material Design principles.
- Achieved design accuracy and responsiveness across multiple screen sizes and device densities.
